Note from the directors

3.2 billion people have never heard about Jesus. We're a global missions movement with a vision to see every person encounter Christ, by empowering this generation to live their calling!

2025 was a year of seeing God's praise "Spring up" (Isa 61:11) in our team and in the nations. We received key leadership training, sent our first outreaches to *unreached* people groups (Japan & West Africa), saw our missionary team grow, and started new Gen Z movements in Niagara.

We are overjoyed with all *He* has done this year, and are ready for challenging new heights in 2026!

In 2026 our goal is to strengthen the broader YWAM movement in Canada and eastern North America - preparing for a youth revival of faith-in-action.

We're building strategic collaborations across the Church with the aim of seeing a generation be called, and equipped to live their calling. Gen Z is hungry to change the world, and we need to be ready with healthy environments for them to be trained and sent!
